REDCLIFF, ALBERTA, THURSDAY, OCT. 18, 1917.

Number 42

GOOD START MADE ON THE UNION GOVT.

Ten Cabinet Ministers, Five From Each Party, Have Been Sworn in—Rest to be on Fifty-Fifty Basis

A good start has already been made in the formation of a union government at Ottawa.

Last Friday Sir Robert Borden announced that he had completed negotiations with all parts of Canada to join the union government, and early the following morning these five were sworn in as ministers of the department of the cabinet.

The following is the present standing of the cabinet:

Premier and Secretary of State for External Affairs—Sir Robert Borden.
Minister of Militia—Major-General D. C. Milne.
Minister of Overseas Service—Sir Edward Kemp.
Minister of Immigration and Colonization—Hon. J. A. Calder.
Minister of the Interior—Hon. Arthur Meighen.
Minister of Agriculture—T. A. Cresser.
Minister of Customs—Hon. A. L. Sifton.
President of the Privy Council—N. W. Rowell.
Minister of Railways and Canals—Hon. J. D. Reid.
Secretary of State and Minister of Mines (now)—Hon. Martin Burrell.
Hon. Frank Cochrane goes to the Canadian Northern as chairman of the board of directors, and Sir George Cochrane becomes Canadian High Commissioner in London.

Labor representation in the union government is to be a matter of early consideration. In the reconstruction of the government up to the present time it has not been found possible to provide for special representation for labor. But it is understood in well-informed circles the subject is by no means overlooked and special attention will be given to it by the prime minister in the early future.

There is reason to believe also that the union ministerial arrangements under which New Brunswick will have two representatives in the cabinet after next election.

Military Service Act Being Observed

Reception of the proclamation calling out the first class of men under the Military Service Act is reported as in every way satisfactory. At post offices all through the Dominion there have been numerous applications either to report for service or to file a claim for exemption. Everywhere there was an evident desire to comply promptly with the provisions of the law.

Considerable interest is manifested in the provisions of the regulations about to be issued that no conscription will be heard before a local tribunal. The main purpose of this provision, it is understood, is to place the poor man on an equal footing with the rich in respect to his application.

In regard to voluntary enlistment the following is being said by the military service council:

"Notwithstanding the issue of the proclamation any man belonging to class 1 will be allowed to report for duty before he is ordered to do so by the registrar, providing he produces the certificate of his employer or service, together with a certificate from his employer stating that the latter does not intend to claim exemption for him."

"Men so reporting before they are ordered by the registrar to do so may be allowed to join any unit they desire, provide they are suitable for it, and that such unit is in need of recruits."

Winning has within its grasp 19,331 men of every age and occupation, ever which a close military surveillance is maintained continually.

\$730,00 For the French Emergency Fund

Returns from the various committees appointed to collect for the French emergency fund are now nearly all in and the total result is most satisfactory.

During the past week the Brick & Coal company's employees, struck in 1916, and the Canadian Post, \$30. This with the amount already collected brings the total up to \$730,000. This amount will be forwarded to the treasurer of the fund as a donation from Redcliff and surrounding country.

First Snow Came With a Vengeance

That was some storm which struck this district last Tuesday afternoon and continued till well into the night. Old timers say it was one of the worst blizzards they ever experienced in southern Alberta.

The storm started with a light shower of rain about noon and later developed into snow. Towards evening a high wind sprang up and by eight o'clock the snow was falling fast.

An threshing is about completed in the district here, if any, damage was done to the crops. As we have been having a long spell of ideal fall weather no preparations have as yet been made for winter around our homes. As a result the unexpected storm caused some inconvenience. No serious damage to property was done. Now that the atmosphere is cleared some more we may look for a return to the usual Alberta October weather.

Anti-War Spirit Gaining in Germany

After four years spent in the center of Europe's colonial struggle, President Woodrow Wilson's declaration in Switzerland, declared the economic situation in Germany was critical, and in which the United States, as a result of the war, was broken. Since the publication of President Wilson's reply to Pope Benedict's peace proposals, in which the United States declared that the United States is warring on the German government and not upon the German people, the revolution against the war, Mr. Suvald said, had been spreading rapidly through Germany.

"The effort of this statement was for a long time not noticeable," he asserted, "but slowly and surely it has been spreading. The German people, the revolution against the war, Mr. Suvald said, had been spreading rapidly through Germany. The German people, the revolution against the war, Mr. Suvald said, had been spreading rapidly through Germany. The German people, the revolution against the war, Mr. Suvald said, had been spreading rapidly through Germany."

German Socialists Cause Upheaval

Vice Admiral von Cappelle, the German minister of marine, has resigned, according to the Frankfurter Zeitung. A dispatch to the Exchange Telegram from Amsterdam declares German Socialists have informed Chancellor Michaelis they will not sign the peace desired unless he resigns.

In the resignation of Admiral von Cappelle, the German Socialists have caused a great upheaval in the government, and the pan-Germanists have suffered a severe check. It is hardly too much to predict that the fall of the minister of marine will be shortly followed by the resignation of Chancellor Michaelis, who has supported von Cappelle in his efforts to strain the hand of the war party against the extreme Socialists.

The statement over the U-bait policy is said to be the cause of the upheaval.

RAIN AND STOP HAIN'S DRIVE

For the first time since he started his series of attacks against the German government in Finland, Field Marshall Hain has had to cease on occasion before all the objectives were attained.

It was not the German gaud, however, that stopped the British. It was a more than usually heavy rainfall which started during the battle and turned the already swampy region, over which the men were supposed to be gathered, into a veritable bog, which they could not advance through unless they were for a forward move.

Germans Plan To Blockade The Atlantic Coast

Greatest importance is attached in Washington to a brief wireless press message picked up from Berlin by the British admiralty, asserting that Germany is expected shortly to declare the closure of the United States, Canada and Cuba to be naval war zones. Past experience confirms the fact that the wireless press message of this character previously picked up here usually being followed by a formal announcement of the Berlin government of important hostile actions.

Big Saving of Beef And Bacon Is Shown

Preliminary reports from hotels and restaurants in the chief Canadian cities show an average reduction of consumption during the month exceeding the institution of beef and bacon of 51 per cent of beef and 40 per cent of bacon, the standard of comparison being the immediate preceding month. This represents a pretty saving of about twelve tons of beef and thirty tons of bacon at hotel and restaurant. The regulations have been sent to some 16,000 public eating places, including hotels, restaurants, boarding houses, clubs, etc. The results recorded from ten leading hotels and restaurants indicate the enormous saving effected by the regulation, which applied to sixteen thousand of such places. As white flour, it is difficult accurately to ascertain the percentage of saving. But reports so far show that both by substitution of other cereals and by actual cutting of consumption of considerable economy has been effected.

German Forces Land On Oesel Island

The German landing force on the Russian island of Oesel is developing its success, the Russian war office announced Tuesday. The Russian troops are being reinforced with additional troops. The Germans have instituted an offensive against the Russian troops on the entrance to the Gulf of Riga.

The landing of German troops on Oesel island has been accomplished only by risking battle under unfavorable conditions which might have resulted in the opening of the Gulf of Finland to the enemy, Admiral Verdevsky, minister of marine, said. The blow is a hard one to Russia, but the Russian fleet apparently was in no position to hinder the Germans.

Commissioner From Canada to U. S.

A suggestion that Hon. J. D. Hanson, former minister of marine and fisheries, will be sent to Washington in the event of it being decided to have a representative of the Dominion at the United States capital, is registered in the capital as a good guess. No definite decision has been reached, however, either in regard to the post or the appointment. The matter, which was first brought under the consideration, is still under consideration.

It is understood the Imperial parliament favors such an appointment.

United States to Govern Haiti

After a century of futile attempts to govern itself the negro republic of Haiti, one of the West India islands, has given up the effort and has turned over its governmental affairs to the United States. A show of signs of American army officer who had been looking after the country's interests in the republic, informed the people. It would not be necessary for them to hold their intended election, as the United States would assume full control of the administration of the republic in a better shape. As all the firearms in the island had previously been gathered up, a veritable peace demonstration following this announcement.

Surprise Party Visits Diebolt Home

It was a comical bunch that visited the home of Mr. and Mrs. Diebolt last Monday to give them a surprise party.

About a dozen young folks, dressed up to represent every nationality, wended their way to the home, arriving at the back door, the duty of the party hardly asked that he be admitted and given something to eat. Sure, come in, we'll share up with you, was the kindly welcome received, but when the bigger and he had his whole family with him and they proceeded to fill in to the number about twenty, a look of "and dear \$12.75 a barrel" came over the little bit of expression on the face of the hostess. However, the family set to work to make the unfortunate guests comfortable, and were just about to kill the fatted calf when one of the party got cold feet and told her right name.

The gas in the kitchen stove was forthwith turned off and there were eleven disappointed people who watched the calf being lead back to the kitchen. Some were for putting up the stake and trying it but it wasn't a "B" game. It was passed up. After removing their war paint the guests were royally entertained with music and dancing. Very soon the party was over. They were disappointed in the eat, for in the season house and bakers' were not as good as by many a corner and a dainty lunch was served. On the whole, what at first looked like a breakfast for the family tomorrow" developed into a feast which ended and broke up with all feeling well satisfied.

Saskatchewan Crops Bigger Than Expected

The Saskatchewan Department of Agriculture Friday issued its estimate of the principal grain acreage by districts. A comparison of the figures with those of 1916 show that while the area sown to wheat has decreased to the extent of 788,885 acres, the total area of land under crop this year has increased almost half a million acres.

The estimate of the yield is much higher than was expected during the season, and it is now expected that the yield will be larger than last year. The following is the estimate given by the census and statistics office as the probable average yield of the principal crops:

Wheat—35.25 bushels per acre.
Barley—22.75 bushels per acre.
Rye—22.75 bushels per acre.
Flax—8.15 bushels per acre.

Important New Use Found For Cobalt

Widespread interest has been aroused by the announcement of the discovery of a tool steel stated to be equal in durability and hardness to high-speed steel, but of which tungsten, always difficult to obtain, is not a component. "Cobaltone," as the new steel is called, is made by adding cobalt to chromium-carbon steel. Through tests of the new alloy have been made in a large number of important works in England.

Chicago Wins Out In World's Series

The Chicago Americans won the world's baseball championship by defeating the New York Nationals 4 to 3 in the sixth and deciding game of the 1917 diamond clash. For the first time in almost a decade the titanic rivalry will flutter over the fans of the middle west metropolis next September.

The series started in the series was raised at Comiskey park as evidence of the superiority of the White Sox in the great national game. After winning the first two games in their home field and losing the next two at the Polo Grounds, the Chicago club clinched the game with two straight victories, one at Comiskey park and the other at the Polo Grounds. The New York club did not go down without desperate resistance.

Skating Ring For This Winter

We understand the skating ring committee are now making preparations for having a rink here again this winter. Notwithstanding the high expense undertaken last year the committee were able to show a clean sheet at the close of the season. As there will be more skaters here this winter and as the necessary equipment is now paid for the rink should be a good proposition the coming season.

Developing a Market For Canadian Fish

Through the activities of the Fish Committee a special fish train now leaves twice a week from Mulgrave, N. S., for Montreal and Toronto. The fish are shipped to Ontario points under governmental supervision.

Lakes Nipissing and Nipigon have been thrown open by the government of Ontario, co-operating with the Fish Committee of the Food Controller's office, and the fish are shipped to Ontario points under governmental supervision.

Huns Lose Stronghold; British Take Brewery

Gains of approximately 1,000 yards along a front of six miles were made by British forces when the offensive was resumed last Friday. Deeper gains were made at some points, but at others the advance was not so successful. Mud churned by the terrific rain of the last few days, however, made the going difficult.

No counter-attacks were attempted by the Germans during the night, and British troops are consolidating their newly-won positions. Six hundred prisoners were taken.

According to dispatches from the front, the brewery east of Poperinghe, which has been the scene of much desperate fighting during the last week, was captured by the British.

Maximum Is Named For Profit of the Millers

Mr. Hanna has announced that after November 1st the net profit of Canadian millers will be limited to a maximum average of 25 cents on the milling of sufficient wheat to make a barrel of flour of 196 pounds strength. Mills will be licensed and will be required to manufacture one or more standard grades of flour, which will represent a higher percentage extraction than the white flour now in general use in Canada. Cash prices for these standard grades will be set from time to time. Mr. W. Sanford Evans will supervise the carrying out of the arrangements, co-operating with a special advisory committee of the millers.

To Be Greatest Army And Navy on Earth

The plan of the United States government is to equip the army and the navy of that country so that it will be superior to any other military power on earth. Charles L. McNary, United States senator from Oregon, declared, "This will be done," the senator said, "by the United States navy may strike vigorously and bring the war to a quick conclusion."

THINK REPRISALS WILL BEGIN SOON.

The morning's newspaper suggest that the government is ready to begin carrying out reprisal air raids on Germany. This belief is based on the agreement of Lord-Gen. David Henderson, director-general of military aviation, to special work and the statement of Major-Gen. W. B. Beardsley, director of air organization for the army to a command abroad.

A. L. SIFTON RESIGNS THE PREMIERSHIP

**Hon. Chas. Stewart in Now
Premier and Has Named
His Cabinet — Geo. Smith
is The New Minister**

The Hon. Charles Stewart, who has been Minister of Public Works in Hon. A. L. Sifton's government for the past eight years is now premier of Alberta. Ex-Premier Sifton has joined the union government at Ottawa and has been sworn in as Minister of Customs. Immediately after deciding to join the union government he wired his resignation as premier of Alberta to Lieut.-Governor Brutt, who is in turn appointed by Mr. Stewart premier and called upon him to form a cabinet.

Mr. Stewart has been minister of public works in the provincial government since Mr. Sifton's resignation. Mr. Stewart has been minister of public works—Hon. J. R. Boyle, Edmonton.

Provisional General—Hon. C. W. Cross, Edmonton.
Provisional Treasurer—Hon. C. R. Mitchell, Medicine Hat.
Minister of Agriculture—Hon. Duncan Marshall, Olds.
Minister of Public Affairs—Hon. Wilfrid Garfield, Calgary.
Provincial Secretary—Hon. George P. Smith, Camrose.

Farmers Expected To Take War Loan

We take the following from "Conservation," a bulletin issued by the Conservation Commission: "Farmers should subscribe for a substantial portion of the forthcoming war loan. Crops have been uniformly good throughout Canada and there were never so high and the margin between selling price and cost of production has been unusually small. Mr. W. B. Pease, vice-president and managing director of the Royal Bank of Canada, in a recent address, said it is his opinion that an active campaign should be carried on among the farmers of the west. The farmers of that section of Canada are, according to Mr. Pease, the best class to canvas for the loan."

Flax in Demand in United Kingdom

There is in the United Kingdom and Ireland a very urgent demand for flax fibre to replace supplies which formerly came from Russia, Belgium and other sources. The probability is that this shortage will create some considerable time, as the producing districts even in the Allied countries have been unable to produce the quantity of flax which is needed. The flax in demand is valued at \$20,000,000 per annum—Mountains Times.

HUNS GETTING IN TOO CLOSE TO PEKING IN CHINA.

German plots to promote internal trouble in China are being disclosed almost daily and the situation is so serious that the Chinese government has had to issue a statement to the effect that it is necessary to intern many German and Austrian if not all of them before the end of the year. The allied ministers are extremely uneasy over the situation.

BLAMES ICE CREAM

FOR PRICE OF BUTTER.

The high prices of butter in the west is due in large measure to the enormous quantities of cream used for ice cream, Chamberlain, 25 Carlton street, Winnipeg, declared today.

"There is more cream used in the west for making ice cream than is used for making butter," said Mr. Chamberlain. "I found that butter in order to co-operate with Food Com-

missioner is selling at 80 cents a pound. I think that while Mr. Hanna is aiming at conserving the food supply of the country, he might cut out this luxury."

MANITOBA MAY GO

INTO FISH BUSINESS.

The Manitoba government may be asked to go into the fish business in order to co-operate with Food Com-

missioner J. J. Hanna's plan for the control of fish prices in the province. The request is being considered by the fish committees of the Industrial Bureau, which is in communication with the marine department at Ottawa as to the feasibility of the plan. At the next meeting of the committee it will be decided whether a delegation shall wait upon Premier Norris, and his colleagues and outline the scheme.

The minister of finance announced to the press today that the financing of the exportable surplus of the Canadian wheat crop of this year has been satisfactorily arranged.

French warships destroyed two Tuto submarines in the western Mediterranean in the last week of September, according to information received by the French minister of marine.

TO PAY FREIGHT ON

FISH FROM ATLANTIC.

The naval department is considering the advisability of paying the transportation charges on the cheaper grades of fish from the Atlantic coast to the central provinces, thereby giving dealers in the interior an opportunity to secure supplies of cheap fish.

"This action would be similar to that taken with regard to the Pacific coast, while offering a saving to the consumer, would also tend to stimulate sales of these fish which now occur owing to the lack of a market for them."

INSTANT ACTION SUR-

PRIZES MANY HERE.

This grocer's story surprises local people. "I had had some trouble. All food seemed to melt off from gas. Was always constipated. Nothing helped until I tried buckhorn bark, glycerine, etc., as mixed in Adler's-BLONK SPOONFUL established me with it. INSTANT action." Because Adler's-BLONK the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents constipation. It is QUICK. BEST action of anything we ever sold. C. T. Hall, Druggist.

GERMANS ROUNDED UP

IN NEW YORK.

Fritz Kuhn, prior to the outbreak of the war, London representative of the Deutsche bank, of Berlin, and George von Zehrbach, also formerly connected with a German bank in London, were taken into custody in New York by the intelligence bureau of the navy department and sent to Ellis Island for internment as dangerous enemy aliens.

[L.S.]

CANADA

GEORGE the FIFTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India.

To all to whom these presents shall come, or whom the same may in anywise concern—GREETING:

A Proclamation calling out the men comprised in Class I as described by the Military Service Act, 1917.

E. H. H. H.
The Deputy Minister of Justice,
Canada

And Whereas that part of our militia of Canada known as the Canadian Expeditionary Force is now engaged in active service overseas for the defence and security of Canada, the preservation of our Empire and of human liberty; and it is necessary owing to the exigencies of the war to make such arrangements for our said "Expeditionary Force" in addition to those whose inclination or circumstances have permitted them to volunteer:

And Whereas by reason of the large number of men who voluntarily left our Dominion of Canada in order to join our Expeditionary Force as volunteers, and by reason of the necessity of maintaining under these conditions the productivity or output of agriculture and industry in our said Dominion, we have determined by and with the advice and consent of our Senate and House of Commons of Canada that it is expedient to secure the men so required, not by ballot as by our said Militia Act, but by selective draft; such re-enforcement, under the provisions of the Military Service Act, 1917, hereinafter referred to, not to exceed one hundred thousand men:

And Whereas it is accordingly enacted in and by the provisions of an Act of our Parliament of Canada, holder in the 7th and 8th years of our reign, and known as the Military Service Act, 1917, that one of our male subjects who comes within one of the classes described and intended by the said Act, shall be called out on active service in the Canadian Expeditionary Force for the defence of Canada, either within or beyond Canada; and that his service shall be for the duration of the present war and immediately after the conclusion of the war:

And Whereas the men who are, under the provisions of the said Act last mentioned, liable to be called out, are comprised in six classes of which Class I, by the provisions of the said Act, is deemed to consist of all our male subjects, or at any time since the 4th day of August, 1914, resident in Canada, who have been or will be called out, or who have not earlier than the year 1920, and were on the 6th day of July, 1917, married, or are widowers, and have no child, and who are not within any of the following exemptions:—

1. Members of our regular, or reserve, or auxiliary forces, as defined by our Army Act.
2. Members of our military forces raised by the Governments of any of our other dominions or by our Government of India.
3. Men serving in our Royal Navy, or in our Royal Marines, or in our Naval Service of Canada, and members of our Canadian Expeditionary Forces.
4. Men who have since August 4th, 1914, served in our Military or Naval Forces, or in that of our allies, in any theatre of actual war, and have been honourably discharged therefrom.
5. Clergy, including members of any recognized order of an exclusively religious character, and members of all religious denominations existing in Canada at the date of the passing of our said Military Service Act.
6. Those persons, exempted from military service by Order in Council of August 12th, 1917, and by Order in Council of December 6th, 1919:

And Whereas it is moreover provided by our said Military Service Act that our Governor-General of Canada in Council may, from time to time by proclamation call out on active service as aforesaid any class of men in the said Act described, and that all men within the class so called out shall, from the date of such proclamation, be deemed to be and shall be treated in the military service of Canada and subject to military law, save as in the said Act otherwise provided; and that the men so called out shall report and shall be placed on active service in the Canadian Expeditionary Force as so provided in such proclamation or in regulations; but that they shall, until so placed on active service, be deemed to be on leave of absence without pay:

And Whereas it is also provided by the said Act that at the expiration of an application may be made by or in respect of any man in the class to be called out, to one of our local tribunals, established in the manner provided by the said Act in the provisions of which such man ordinarily resides, for a certificate of exemption from service upon any of the following

ROUNDS OF EXEMPTION:—

- (a) That it is expedient in the national interest that the man should, instead of being employed in military service, be engaged in other work in which he is habitually engaged;
- (b) That it is expedient in the national interest that the man should, instead of being engaged in military service, be engaged in other work in which he wishes to be engaged and for which he has special qualifications;
- (c) That it is expedient in the national interest that, instead of being employed in military service, he should continue to be educated or trained for any work for which he is then being educated or trained;
- (d) That serious hardship would ensue, if the man were placed on active service, owing to his exceptional financial or business obligations or domestic position;
- (e) His ill health or infirmity;
- (f) That he conscientiously objects to the undertaking of constant service, and is prohibited from so doing by the tenets and articles of faith in effect on the 4th day of July, 1917, or of any organized religious denomination existing in Canada at the date of such Act, and to which he is of good faith belongs;

And that if any of the grounds of such application be established, a certificate of exemption shall be granted to such man.

And Whereas moreover it is enacted in and by the provisions of an Act of our Parliament of Canada, holder in the 7th and 8th years of our reign, and known as the War Time Elections Act, that certain persons thereby disqualified from voting with such of their sons as on polling day are not of legal age, shall be exempt from combatant military and naval service;

And Whereas it is further provided by our said Military Service Act that applications for exemption from service shall be determined by our said local tribunals, subject to appeal as in the said Act provided; and that any man, by or in respect of whom an application for exemption from service is made, shall so long as such application or any appeal in connection therewith is pending, and during the currency of any exemption granted him, be deemed to be on leave of absence without pay;

And Whereas our Governor-General of Canada in Council has determined to call out upon active service as aforesaid the men included in Class I, as in the said Act and hereinafter defined or described:

Now Therefore Know Ye that we do hereby call out the men in our said Military Service Act, 1917, and hereinafter defined or described as to the said class belonging, on active service in our said Force for the defence of Canada, either within or beyond Canada, as we may, in the command or direction of our Military Force, hereafter order or direct.

And we do hereby strictly command, require and enjoin that each man who is a member of the said class shall on or before the 10th day of November, 1917, in the prescribed form and manner, report himself for military service, unless application for his exemption shall then have been made by him or by another person entitled to apply on his behalf; whereas our loving subjects, members of the said class, are especially charged not to fall short not only to their loyalty and allegiance but also to the obligations of a citizen and to the implicit obedience to these our strict commands and injunctions, but moreover, that our loving subjects should be ignorant of the consequences which will ensue if they fail to report within the time limited as aforesaid, we do hereby forewarn and admonish them that any one who is hereby called out and who without reasonable excuse fails to report as aforesaid, shall thereby commit an offence, for which he shall be liable on summary conviction to imprisonment for a term not exceeding five years with hard labour, and he shall nevertheless, if we require, be compelled to serve immediately as said "Expeditionary Force."

And we do hereby prohibit and announce that for the greater convenience of our subjects, we have directed that prescribed forms, for reporting for service, and for application for exemption from service, may, at any time on or before the 10th day of November, 1917, be obtained at any post office in our Dominion of Canada; and that reports for exemption from service, and applications for exemption, if obtained at any of our said post offices and properly executed, shall be forwarded by the postmaster at the post office from which the same are obtained to their proper destinations as by our regulations prescribed, free of postage or any other charge.

And we do further inform and notify our loving subjects that local tribunals have been established in convenient localities throughout our Dominion of Canada for the hearing of applications for exemption from service upon any of the statutory grounds, as hereinafter set out; that these our local tribunals so established will be open to sit in the discharge of their duties on the 8th day of November, 1917, and that they will continue to sit from day to day thereafter, as may be necessary or convenient, at such times and places as shall be duly notified, until all applications for exemption from service shall have been heard and disposed of; also that men belonging to the class hereby called out who have not previously to the said day of November, 1917, reported for service, or forwarded applications for exemption through any of our post offices as aforesaid, may make applications in person for exemption from service to any of our said tribunals on the 8th, 9th or 10th day of November, 1917.

And we do hereby moreover notify and inform our loving subjects who are within the class hereby called out, that if, on or before the 10th day of November, 1917, they report themselves for military service, or if, on or before that day, application for exemption from service be made by them or on their behalf, they will not be required to report for duty, or be placed upon active service as aforesaid, until a day, not earlier than the 10th day of December, 1917, which, by our regulations for the service in which they reported or applied, be notified to them in writing by registered post at their respective addresses as given in their reports or applications for exemption from service, or at such substituted addresses as they may have respectively signified to their said reports; and in the interim, forewarn and admonish the men belonging to the class hereby called out that if any of them, without just and sufficient cause, fail to report for duty at the time and place required by notice in writing as aforesaid, or shall fail to report at such time and place as they may be required to, they shall be subject to the penalties and punishments by law prescribed as against military deserters.

Of all of which our loving subjects, and all others whom these presents may concern, are hereby required to take notice, rendering strict obedience to and compliance with all that our commands, directions and requirements, and governing themselves accordingly.

In Testimony Whereof We have caused these Our Letters to be signed by our Secretary to the Privy Seal, and the Great Seal of Canada to be hereunto affixed. WITNESS Our Right Trusty and Beloved Counsellors, the Honourable Victor Christian William, Duke of Devonshire, Marquis of Hartington, Earl of Devonshire, Earl of Salisbury, Baron Cavendish of Hardwicke, Baron Cavendish of Kilgyle, Knight of Our Most Noble Order of the Garter: One of Our Most Honourable Privy Counsellors, Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George: Knight Grand Cross of Our Most Honourable Order of the Bath, and Commander-in-Chief of Our Dominion of Canada.

At Our Government House, in Our City of OTTAWA, this TWELFTH day of October, in the year of Our Lord one thousand nine hundred and seventeen, and in the eighth year of Our Reign.

By Command,

Thomas Mackenzie

Under-Secretary of State.

ITEMS OF LOCAL INTEREST

Mayr-Rett left this week for the south on business.

Men's sweater coats and pull-over sweaters for boys. Gibson & Tupper.

Bolt, Everett, a great war veteran, is now on the job as a sign painter in town. Bob looks quite natural in his uniform.

Wool and flannel cloth blankets; just what you need this cold weather. Gibson & Tupper.

C. T. Hall has been confined to his bed for the past few days suffering from a slight indisposition.

HOUSE TO RENT—All furnished and ready to step into. Suitable for small family. Could take possession by end of month. Apply to M. J. McInerney, Redcliff.

Lieut. A. J. Nicholson, who has been on active service in France since early last spring, sends word that he expects to be sent back to England as an instructor in the signalling school.

The office building at the Rolling Mills is being enlarged to just twice its previous size. This was found necessary owing to the rapidly increasing staff in the business office.

Another evidence of our growing population and business is furnished by the rapidly increasing business of the post office. The mail handled at this point is now almost double what it ever was before.

In the casualty list of last Saturday the name of Pte. G. Foulkes appeared among the wounded. Pte. Foulkes is a son of Mr. and Mrs. Wm. Foulkes, formerly of Medicine Hat.

Mr. and Mrs. H. Scrimgeour returned last night from their honeymoon trip through the mountains. The young couple will reside in Redcliff in future.

We have an extra good line of flannels, flannellets and flannellette sheeting. Gibson & Tupper.

Don't bother bringing out your fur yet. That Tuesday storm just forgot to stop at the Saskatchewan boundary, and anyway Alberta's new premier can't be expected to get on to everything in a day.

Hugh Cheng, a young Chinaman who has been going in and out here for the past two years, leaves tonight for his old home in China where he will visit his mother for the winter. He intends to return to Redcliff next spring.

BUILDING TO RENT—Sixty, brick veneer building on Third street, across from Redcliff hotel. Suitable either for store or residence purposes; no season given after October 15th. Address Otto M. Shipley, Hampton, North Dakota.

Ralph Barre, an employee of the Rolling Mills, met with a painful accident while engaged at his work last Monday. He got his hand caught in some of the machinery and had his wrist and palm badly lacerated. The wound is not serious and the patient is progressing favorably.

C. F. Russell, running a cargo of booze from Hinton to Medicine Hat, was intercepted near Irvine by provincial police officers who arrested him and brought him to Medicine Hat. He was brought before Magistrate Rae at the provincial police court and fined \$500 and costs. The liquor was ordered to be confiscated.

The Medicine Hat Post office show will be held on Jan. 1, 2, 3 and 4.

Don't forget the Red Cross supper in Redcliff hall tonight. Go and have your evening meal there.

Fouman's heavy ribbed wool, unshrinkable underwear, \$2.75 per suit; extra value. Gibson & Tupper.

POTATOES—One dollar per bushel in lots of ten bushels or more. R. C. Hollinger, Arlington.

FOR SALE—Hoffer, will freshen in April. Apply F. Wilmshay, First street, south end.

FOR SALE—About 75 hens and chickens, all in good condition; price \$6 each. Apply Geo. W. Barclay, sec. 17-14-6.

A.H. Wernley is now suffering from slight influenza received while at work in the Brick & Coal Company's mine last Saturday.

CHURCH NOTICES

CHURCH OF THE BROTHERS: Regular services every Sunday morning and evening at 11 a.m. and 7:30 p.m. Sunday school has usual at 10:20 a.m.

CATHOLIC CHURCH

Catholic services will be held in Cowie's hall the second and fourth Sunday of each month at 8 o'clock a.m.

FIRST BAPTIST CHURCH

Sunday, morning at 11 a.m.; subject: "Sharing Life's Priests." Evening, at 7:30; subject: "Christian Ethics and War or Should Christian Refuse to Fight?" Sunday school at 12 noon.

Ladies' Aid on Thursday at 8:30 p.m.

THE PRESBYTERIAN CHURCH

Divine worship at 11 forenoon, and half past seven evening. Sermon 11:30: "The Cure of Hypocrisy." The present month being the quadricentennial of the Lutheran Reformation the pastor will give a short series of sermons on the great reformers, beginning next Sabbath evening with "Luther's Evangelium." The Sabbath school meets at a quarter past two. Divine worship at Brewell at three.

UNION BIBLE CLASS

"Ezra's Return From Babylon," Ezra 8:15-32, is the topic on Sunday afternoon at 3:30, in the Presbyterian church. All are invited to spend a pleasant afternoon learning of that great Jewish saint and hero.

American Donation to Canadian Red Cross

It is sometimes said that there is no sentiment in business, but it is true that, in these days particularly, sentiment plays a very large part in business. And when sentiment leads to well-willed nations still closer together it is, perhaps, the best kind of business.

An experience with this kind of sentiment came to the notice of the head department of the Canadian Pacific Railway at Calgary a short time ago. Mr. W. G. Fraser, of the Montreal station at San Francisco, had a balance of fifty dollars coming to him on a land transaction with the company. As Mr. Fraser is now lined up with Uncle Sam's fighting forces he desired that the money should go to a patriotic purpose, and wrote the C. P. R. asking them to turn it over to the Canadian Red Cross. He might, of course, have had it paid direct to him, or to some American patriotic society, but he elected that it should go to the Canadian Red Cross, which a few days ago received a cheque for the amount.

Enlistments Are

Now Satisfactory

Twenty-five thousand men approximately have already passed category "A" before the medical boards established under the Military Service Act. "A" men are those considered fit for general service overseas. Up to the end of last week, the men who submitted themselves for medical examination throughout the Dominion, with their medical certificates, were:

Category "A," 24,980; other medical categories, 28,684. Total examinations, 53,664.

Out of 840 military service forms received to date by the Alberta registrar, J. M. Carson, 740 are claims for exemption and 100 reports for service.

General News Notes

From Various Points

London's bomb-proof shelters are being card-indexed in preparation for further German raids. Sufficient funds, and supplies, weapons, and substantial buildings have been inventoried to accommodate 1,000,000 people.

The British mercantile cruiser Champagne has been torpedoed and sunk by an enemy submarine with a loss of five officers and 51 men. The British mine-sweeper sloop Begonia is overdue, and is believed to have been lost with her entire crew.

One of the special features of the Alberta winter fair in December will be the baby beef competition in which \$1,785 will be offered in cash and trophies for pure-bred or grade steers or heifers of 1916, fed by boys and girls between the ages of 10 and 16 inclusive.

All New York papers carry a three column advertisement signed by Chas. J. Delaherty, Canadian Minister of Justice and addressed to all Canadian residents of the United States who come within the scope of the Military Service Act of October 18, 1917, ordering their return to Canada on or before November 10th.

That Great Britain's declaration to bombard German cities and towns in reprisal for air raids on London and other English cities and towns is having a disheartening effect in southern Germany, is indicated by the Manchester Post, which says the air attacks on open towns have proved quite apart from moral estimates that this mode of warfare will be the means of suffering rather than of breaking the determination of the people.
